This is the CMT Health Singapore:

CMT Health, headquartered in Singapore and driven by a global vision, stands at the forefront of innovation in drug delivery solutions. With a robust presence across diverse sectors—including hospital acute care, laboratory testing, nursing centers, home care, and veterinary clinics—CMT Health leverages over 20 years of cutting-edge research and development expertise. Our commitment is to deliver safe, efficient, and cost-effective devices to customers around the globe.

Our growth is deeply rooted in a profound understanding of our customers' needs. By partnering with major international hospital systems, we create solutions that are both secure and economically viable. Our comprehensive portfolio is organized into three pivotal areas of drug delivery:

- **Safety Fluid Injection:** Advanced solutions for vaccination, nutritional feeding, and diabetes management.
- **Safety Specimen Collection:** Precision tools for the collection and processing of blood, urine, and specialized medicinal fluids.
- **Safety Infusion Therapy:** Innovative devices for vascular access, encompassing flushing, indwelling, and accessing systems.

In addition, CMT Health extends its expertise to the veterinary sector with a comprehensive portfolio of syringes and needles tailored for livestock, including swine, cattle, and goats. Our innovative devices are playing a crucial role in safeguarding animal health globally.

The top-tier manufacturing capabilities laid the foundation of CMT's qualities and abilities, bolstered by a global footprint in Southeast Asia, China, and Europe. These capabilities not only enhance production efficiency but also ensure adherence to stringent quality standards, integrate advanced technologies for precision engineering, and foster innovative practices that streamline operations. Additionally, CMT's commitment to sustainability and continuous improvement enables the company to respond agilely to market demands while maintaining excellence in product quality and reliability.

CMT Health is steadfast in its commitment to environmental, social, and governance (ESG) principles. We prioritize the well-being of our shareholders, employees, suppliers, customers, and the environment, reflecting our dedication to sustainable and responsible practices.

Looking ahead, CMT Health remains resolute in its mission to "CARE MORE TOGETHER" for improved health outcomes worldwide.

CMT Profoject™ Safety Sliding IV Catheter **07**

Needle-Free Connector **10**

Safety Lock IV Set **12**

IV Extension Set **13**

Disinfection Caps **14**

Mini Spike with Filter **15**

Mini Vented Transfer Pin **16**

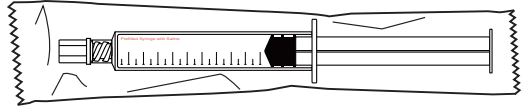

Stopcock **16**

CMT Profoject™ Prefilled Normal Saline Flush Syringe

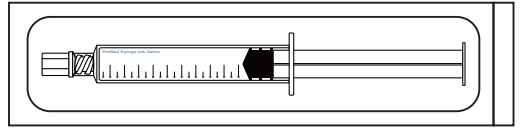

Sterile Fluid Pathway

Contain with sterilized 0.9% sodium chloride.

Sterile Field

Terminally and externally sterilized together with package.

Tip Cap

Easy screw-on, prevent microbial contamination.

Stopper

No blood reflux design.

CMT Project™ Prefilled Normal Saline Flush Syringe—Sterile Fluid Pathway

CMT Profoject™ Safety IV Catheter Closed System

Wings Design

Reduce catheter movement in the vein to lower the risk of dislodgement.

PUR Tubing

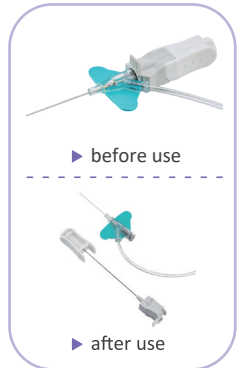

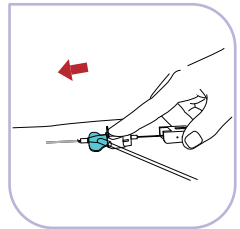

Enhances flexibility, lowers mechanical phlebitis risk, and extends dwell time.

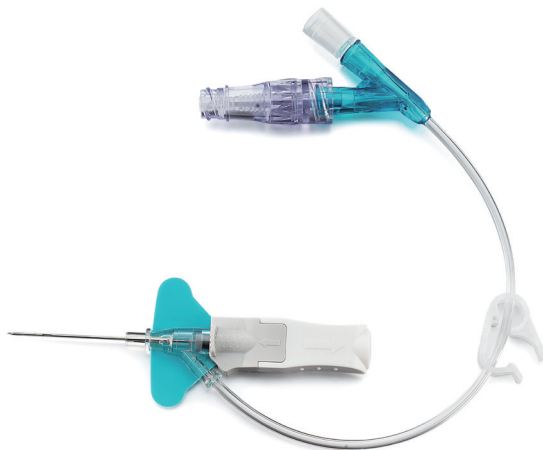

Safety Mechanism

CMT new designed stabilization system.

210050	Positive Luer Clear	1/50/1000	520x225x180

Needle-Free Connector Neutral Luer Clear

Feature

- Neutral fluid displacement helps prevent blood reflux and reduce reflux-related occlusion.
- Flat and smooth surface ensures easy and thorough swabbing.
- Straight fluid path supports a high flow rate of up to 133 ml/min.
- Transparent housing allows for clear observation.

Technical Data

Number of Activations	350
Days Usage	7
Priming Volume(mL)	0.07
Flow Rate Gravity(mL/min)	133
Flow Rate at Pressure(mL/s)	10
Pressure Rating(PSI)	325

Compatibility

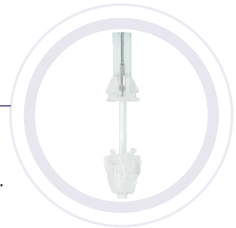

Alcohol	yes
Lipids	yes
Chlorhexidine	yes
Chemotherapy	yes
Blood	yes
MRI	yes

Safety Lock IV set

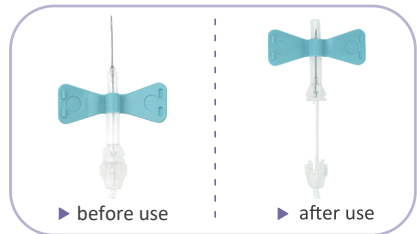

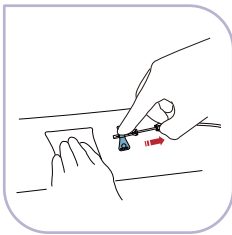

Safety Mechanism

Pinch and slide lock, easy & smoothly activation one-hand activation available.
